**Sales, Calibration and Repair
Since 1992**

MATsolutions provides test & measurement equipment and services for companies in the communications, semiconductor, aerospace, aviation, medical, and industrial manufacturing industries, and for government agencies and defense contractors throughout the country and around the world.

Since 1992, MATsolutions has delivered the Assurance our clients need when acquiring, maintaining, and managing high quality test and measurement equipment. MATsolutions is an independent equipment and services provider, not a dealer or manufacturer's representative. Our only commitment is to our customers.
