MATsolutions Earns BBB Accreditation

MATsolutions is committed to BBB's standards for trust

Irving, TX, January 21, 2014 — MATsolutions this week announced its recent accreditation by BBB Serving Dallas and Northeast Texas. As a BBB Accredited Business, MATsolutions is dedicated to promoting trust in the marketplace.

“We are pleased to have met BBB’s high standards and have been awarded an A rating,” said Steve Wedler, MATsolutions VP Sales and Marketing. “This BBB Accreditation highlights MATsolutions’ commitment to high ethical standards for our customers and suppliers.”

According to a Princeton Research study in 2007, seven out of every 10 consumers say they are more likely to buy from a business designated as a BBB Accredited Business. BBB is a resource for the public, providing objective, unbiased information about businesses.

BBB Accredited Businesses must adhere to the BBB Code of Business Practices. The accreditation standards are based on the BBB Standards for Trust, calling for building trust, embodying integrity, advertising honestly and telling the truth, being transparent, honoring promises, being responsive and safeguarding privacy.

About MATsolutions

Since 1992, MATsolutions has delivered the Assurance™ our clients need when acquiring, maintaining, and managing high quality test and measurement equipment. MATsolutions is an independent equipment and services provider, not a dealer or manufacturer’s representative. Our only commitment is to our customers which is why we offer the first-of-its-kind MATrewards loyalty program and the No Surprises and Price Match guarantees. MATsolutions supports our customers from the initial purchase through the entire test equipment lifecycle. We calibrate and repair the equipment you rely on to do your job, whether you bought it from MATsolutions or not. For more information, visit MATsolutions.com.
